Town Warrant

STATE OF NEW HAMPSHIRE.

TO THE INHABITANTS OF THE TOWN OF CLAREMONT, IN THE COUNTY OF SULLIVAN, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

L. S.

YOU are hereby notified to meet at the lower assembly room in the Town Hall, in said town, on Tuesday, the fourteenth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To choose a prosecuting officer.
3. To choose a board of three trustees, one for one year, one for two years and one for three years, who shall have the custody of all trust funds now held and hereafter received by the town and determine the amount of their bond.
4. To choose a committee for Stevens High School for the ensuing year.
5. To choose three members of the board of trustees of Fiske Free Library, to serve for the term of three years.
6. To see if the town will choose or appoint a committee of citizens to act as a Committee on Finance, whose duty it shall be to investigate all proposed appropriations previous to the next annual Town Meeting, and report their recommendations at said meeting.
7. To see what sum of money the town will vote to raise and appropriate to pay town officers for the fiscal year ending January 31, 1917.
8. To see what sum of money the town will vote to raise and appropriate for incidental expenses of the town for the fiscal year ending January 31, 1917.
9. To see what sum of money the town will vote to raise and appropriate for the repair of highways and bridges for the fiscal year ending January 31, 1917, and determine how the same shall be paid.
10. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the maintenance of state highways for the year ensuing.
11. To see what sum of money the town will vote to raise and appropriate or borrow on promissory notes of the town for the purpose of improving that part of the cross state highway as located by the Governor and Council in the town of Claremont.
12. To see what sum of money the town will vote to raise and appropriate to drain Maple Avenue.

13. To see if the town will vote to repair Main Street, determine in what manner the work shall be done, and raise and appropriate money therefor, or borrow money on promissory notes or bonds of the town for said purpose.

14. To see if the town will vote to raise and appropriate money for the purpose of widening and straightening Main Street if in the judgment of the Selectmen, on petition, the public good requires it.

15. To see if the town will vote to repair Pleasant Street, determine in what manner the work shall be done, and raise and appropriate money therefor, or borrow money on promissory notes or bonds of the town for said purpose.

16. To see if the town will vote to change the water course, coming from Bancroft Farm water shed now running in the highway north from Union church down the Bancroft Hill, and to re-grade and re-surface the hill with cobbles or clay, and to see if the town will vote to raise the sum not to exceed four hundred dollars for the expense of same.

17. To see if the town will instruct the Selectmen to repair the abutments of the Red Water Brook bridge on the road leading from Claremont village to West Claremont.

18. To see if the town will vote to discontinue certain parts of Crescent Street, so called.

19. To see if the town will vote to install suitable catch basins on Myrtle, Woodland and Grove Streets.

20. To see if the town will vote to clean the Square and streets and raise and appropriate money therefor.

21. To see if the town will vote to oil and sprinkle the streets and raise and appropriate money therefor.

22. To see what sum of money the town will vote to raise and appropriate for the support of the town's poor for the fiscal year ending January 31, 1917.

23. To see what sum of money the town will vote to raise and appropriate to pay the debts of the town.

24. To see if the town will vote to raise and appropriate the sum of \$2,306.75 to meet payments maturing on or before November 1st, 1916, of principal and interest on notes issued by the School District to pay for the Way School building.

25. To see if the town will vote to raise and appropriate the sum of \$2,740.00 to meet payments maturing on or before July 1st, 1916, of principal and interest on notes issued by the School District to pay for the North Street School building.

26. To see what sum of money the town will vote to raise and appropriate for the support of the Fire Department for the fiscal year ending January 31, 1917.

27. To see if the town will vote to purchase 500 feet of fire hose and raise and appropriate money therefor.

28. To see if the town will vote to purchase 500 feet of fire hose, nozzle and reel, and erect a suitable building to contain same at Claremont Junction.

29. To see if the town will vote to establish a new fire alarm box at or near the Corner of High and Putnam Streets, and raise and appropriate money therefor.

30. To see if the town will vote to establish a new fire alarm box at the junction of Benton and Harvard Avenues, and raise and appropriate money therefor.

31. To see if the town will vote to authorize the Selectmen to purchase the school building on Broad Street and raise and appropriate money therefor.

32. To see if the town will vote to purchase land for a central fire station, and raise and appropriate money therefor.

33. To see if the town will vote to build a suitable central fire station, and issue bonds or notes in the name of the town to pay for the same.

34. To see what sum of money the town will vote to raise and appropriate to pay for the use of hydrants for the fiscal year ending January 31, 1917.

35. To see what sum of money the town will vote to raise and appropriate for street lights for the year ending January 31, 1917.

36. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

37. To see what sum of money the town will vote to raise and appropriate for the benefit of the American Band.

38. To see what sum of money the town will vote to raise and appropriate in aid of the Claremont General Hospital.

39. To see if the town will vote to raise and appropriate the sum of eighteen hundred dollars for the support of the Fiske Free Library agreeably to the contract with Andrew Carnegie and Samuel P. Fiske.

40. To see what sum of money the town will vote to raise and appropriate for the support of Stevens High School for the ensuing year.

41. To see if the town will vote to raise and appropriate the sum of one thousand dollars for the purchase of new laboratory equipment for Stevens High School.

42. To see what action the town will take in regard to insuring the Stevens High School building and raise and appropriate money therefor or borrow money on promissory notes of the town for said purpose.

43. To see what action the town will take in regard to providing for the collection of garbage and raising and appropriating money therefor.

44. To see if the town will vote to construct at an expense not to exceed \$85,000.00, a 54,000,000 gallon reservoir in Claremont near the junction of the middle and east Cornish roads, so called, and construct such dam on White Water Brook, so called, and lay such pipes as may be necessary to conduct the waters of said White Water Brook to said reservoir, also to lay suitable pipes to conduct the water from said reservoir to the Dole Reservoir, so called.

45. To see if the town will vote to authorize the Water Commissioners to purchase or take by the right of eminent domain for the town such lands, rights of way over lands, and water rights as may be necessary to carry out the provisions of the previous article.

46. To see if the town will vote to issue bonds or promissory notes in the name of the town not to exceed the sum of \$85,000.00 and

sell the same for the purpose of raising money to defray the expenses in carrying into effect the provisions of the two preceding articles.

47. To see if the town will grant the right to the Claremont Ice and Lumber Company to harvest ice each season on the so called Dole Reservoir, or until otherwise ordered by the town, and to erect the necessary runs from said reservoir to an ice house located on the property adjacent to and below said reservoir property, so that all drainage will run away from said reservoir; harvesting of the ice to be done in a sanitary manner and under the supervision of the Board of Water Commissioners.

48. To see what action the town will take towards acquiring a Public Playground.

49. To see if the town will vote to raise the pay of the regular policemen from \$2.50 per day to \$3.00 per day.

50. To see if the town will raise Five Hundred Dollars (\$500.00,) the same to be used in redecorating the Opera House and painting the side walls in the lower hall.

51. To see if the town will vote to install a steam heating system in Library Block.

52. To see if the town will vote to authorize the West Claremont Burying Ground Association to expend its funds in the beautifying of the West Claremont Burying Ground in such ways as may be approved by the Board of Cemetery Commissioners.

53. To see if the town will vote to give the free use of the Opera House at three different times during the year and of the Town Hall twice during the year when not otherwise in use, to the Stevens High School.

54. To see if the town will vote the American Band the free use of the Town Hall such times as may be selected by them to the amount of One Hundred Dollars, when the hall is not otherwise engaged.

55. To see if the town will vote to give the Fire Department the free use of the Town Hall one such night as they may desire to hold their annual Firemen's Ball, when the hall is not otherwise engaged.

56. To see if the town will vote to give the free use of the Town Hall at four different times during the year, and of the Opera House three different times during the year, when not otherwise engaged, to the Ladies' Union Aid Society, for the benefit of the Claremont General Hospital.

57. To see if the town will vote to instruct the Selectmen to appoint a board of five commissioners who shall have full charge of the Cemeteries in town, also authorize said commissioners to sell burial lots, and use the money received for the sale of lots together with the money now on hand for the improvement of said cemeteries; also authorize said commissioners to employ a superintendent of cemeteries who shall devote his entire time to caring for the same.

58. To see if the town will vote to instruct the Cemetery Commissioners to plant shade trees in Mountain View Cemetery and otherwise beautify said Cemetery.

59. To see if the town will vote to purchase the tract of land lying northerly and easterly of the Common and raise and appropriate money therefor or take any other action in connection therewith.

60. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may determine.

61. To see if the town will vote to observe Old Home Day and raise and appropriate money therefor.

62. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-eighth day of February, Nineteen Hundred Sixteen.

GEO. W. PAUL,	} Selectmen of Claremont.
H. C. CHANDLER,	
BERTINE O. PRESCOTT,	

We hereby certify that on this twenty-eighth day of February, 1916, we posted a copy of this warrant at the Town Hall, the place of meeting within specified, and a like copy at the Post Office, public places in said town, and deposited this warrant with Hiram G. Sherman, Town Clerk of said town.

GEO. W. PAUL,	} Selectmen of Claremont.

Trustees of Stevens and Healey Funds, J. Duncan Upham, Geo. W. Paul, Ira G. Colby.

Town School Committee, Melvin F. Colby, Phineas C. Kinney, Henry S. Richardson.

Treasurer of town school district, H. W. P. Putnam.

Superintendent of Water Works, James L. Rice.
Fence Viewers, Adin F. Clark, Melvin J. Huntley.

Sealer of Weights and Measures, O. Scott Sargent.

Surveyors of Wood, Bark and Lumber, W. T. Freeman, A. L. Fitch, Fred E. Ayer, Chas. E. Putney, Ed. M. Russell, Erastus C. Bailey.

Election Officers, Moderator, Town Clerk, Selectmen, Henry E. Charron, James L. Rice, Wm. E. Burns, Earl F. Howe, Assistant Moderator, each paid annual election, \$5.00; biennial, \$7.50.

To the Public

It will be remembered that at the annual meeting in March, 1915, the following resolution was adopted:—"That the town officers be authorized to omit from the printed annual report such details of expenditure as they may deem unnecessary for the purposes of the report." This was a departure from the practice of many years based upon the instructions of the voters of Claremont. The needless repetition in reporting payments to individuals had become so apparent as to call for a change. In submitting this report the Selectmen have followed the plan outlined at the last annual meeting of showing as nearly as is practicable to whom and for what payments were made, avoiding as far as possible, repetition. By the new method the space required for the detailed statement of expenditures by the selectmen including the highway department has been reduced about 55 per cent, the condensed report requiring seventy-seven pages, while the same matter in the old form would have required about one hundred seventy-five pages.

The amount of business in the various departments has been the largest of any year in the history of the town, there having been received into the treasury \$366,240.93. Orders have been drawn amounting to \$340,511.66. It is gratifying to be able to report that although the expenditures of some departments have been large the summary of expenditures of all departments has been conservative. Owing to the efficient manner in which the taxes have been collected and the fact that the other revenues have been favorable we are able to report a balance in the town treasury of \$24,302.54, out of which \$11,593.66 will become due

soon, leaving a working balance of \$12,708.88. While the authorized increased indebtedness of the town was \$103,000, the actual net indebtedness of the town has been increased but \$79,216.94. The fact that the fiscal year was fifteen days shorter than usual contributed somewhat to the above result.

Bridges. Agreeably to the instructions of the town the Selectmen as soon as possible engaged the engineering firm of Storrs & Storrs to design two new bridges, one for Broad Street and one for Main Street at the Lower Village. As soon as the design of the Lower Village bridge was completed bids were invited, and on the 25th day of May bids were received for the erection of the same including both sub- and superstructure and the contract was awarded to the Boston Bridge Works Inc., for \$7,990., they being the lowest bidder. In the meantime work was hastened on the plans for the Broad Street bridge and proposals invited with the result that on the 14th day of June the contract was awarded to the United Construction Company of Albany, New York, for the erection of the sub- and superstructure for \$12,750. By getting into the market early in the season of 1915 the town was very fortunate in getting exceedingly low bids for both bridges and were enabled to get them completed before cold weather interfered with the work. While the appropriation for these two bridges was \$26,000, the actual cost of the two bridges with improved approaches was but \$23,612.01. The bridges are entirely different in design, the Lower Village bridge being a deck truss bridge of one hundred four feet span with reinforced concrete slab floor covered with tar concrete wearing surface and having one raised sidewalk with reinforced concrete floor. The Broad Street bridge is a deck girder bridge of two spans with a total length of one hundred thirty-five feet, requiring the erection of a pier in midstream. The floor of the roadway is of arched concrete with a width of twenty-two feet, the wearing

surface being of tar concrete. The bridge has two six-foot raised sidewalks, the floors of which are reinforced concrete. These bridges are both modern types of city bridges and will sustain the same loads. They are each designed to carry a live load consisting of a line of twelve ton motor trucks as close together as possible and passing another line of the same kind of trucks, similarly placed, each truck figured to carry nine of its twelve tons on the rear axle. This would allow about twelve such trucks upon the Broad Street bridge at the same time and about ten upon the Lower Village bridge, to which carrying capacity is added twenty-five per cent for impact considered essential to meet the demand of rapidly moving modern trucks. The weight of the Broad Street bridge is about 740,000 pounds and of the Lower Village bridge about 420,000 pounds. In proportioning the steel the engineers used the usual factor of safety of four, which means that the actual breaking point would be under a load four times the normal capacity. A cut of each of these bridges is included in our report.

In removing the Lower Village bridge it was found that the structure had so deteriorated as to be startlingly dangerous, the iron in some places having been so eaten through with rust that two-thirds of the member was entirely gone, including one large break. It was fortunate that the worst deterioration occurred in the compression members. Had it occurred to the same extent in the tension members it is doubtful if the bridge could have carried its own load. The Broad Street bridge, while not so badly decayed, had been so strained by overloading as to throw it out of balance, compelling some members to carry more than their proportion of the load. The town is fortunate in having these two bridges replaced before any accident occurred.

In the matter of the Slab City bridge which had become unsafe and for the renewal of which an appropriation was made, it was estimated that an iron or rein-

forced concrete culvert could be constructed at an expense of about \$900, and that amount was appropriated. The bottom of the stream appeared to be of gravel of a character suitable for placing the foundation thereon, but when work was commenced it was found to have underneath six or seven feet of mud, rendering it necessary to make excavation in some places clear to the ledge. The work was carried forward in a thorough manner, both headwalls being carried down to ledge foundation, and 48" iron pipe 36 feet in length installed and the whole filled in with gravel from the hill in the highway just east of there, making a solid piece of roadway which should be permanent, besides greatly improving the grade of the roadway easterly of the bridge. The expense of the whole work was \$1,419.15.

Street Lighting. At the adjourned annual meeting of 1915 the Selectmen were authorized to enter into a new lighting contract, the existing contract expiring in July. Extensive investigation in other cities and towns as to the character of lamps in use and the prices paid for the same was made before a contract was agreed upon. On September 3rd a three-year contract, having the approval of Wm. C. Puffer, the town's expert, was executed with the Claremont Power company for two hundred forty incandescent lights at \$19.50 per light, and forty so-called arc lights at \$70.00 per light, with the privilege of increasing the number of lights at the same rate. The annual cost of the present electric lights is \$7,449.50. The entire lighted area was examined and new locations and such changes from former locations as appeared necessary to obtain the best lighting effect were made, with the result that our streets are much better lighted than formerly. A few additional lights may be found necessary to obtain the most satisfactory results.

The fire alarm system had been deteriorating for some time. An expert engineer was employed to examine the battery room and the fire whistle, and under his advice a new rack with new cells and elements was in-

stalled, and an automatic whistle purchased and installed at the Paper Mill. It is expected that the results in the future will be much more satisfactory than in the past. The expense of the automatic whistle and installation of the same were donated to the town by the Claremont Paper company.

The notes of the town known as Trust Fund Notes were refunded into Trust Fund Bonds agreeably to the vote of the town at the annual meeting of 1915, thereby removing from the town's liabilities a long list of notes which had been issued from time to time to invest collections made on account of the various funds. The total amount of trust fund bonds issued was \$38,686.78.

Highways. Extensive damage to the highways occurred at the time of the July freshet when the dam of the Tyler reservoir, so called, on Bible Hill, gave way, destroying the culvert built the year before at the foot of Bible Hill, and badly washing the adjacent roadway. This was repaired at a cost to the town of \$731.75. The retaining wall just below the Slack & Roberts dam gave way and an extensive washout of the roadway resulted. This has not been repaired. The erection of a suitable wall at this place and the filling of the roadway will cost several thousand dollars if the former line of highway is to be restored and protected.

The present condition of some of the streets of Claremont makes it plain that some more substantial form of construction than is possible with gravel or dirt is imperative, to sustain modern loads and modern vehicles. This is especially true of Pleasant Street, Main Street, a portion of Mulberry Street, a portion of Tyler Street and a portion of Washington Street. Some form of paving is needed. The subject of repairs or rebuilding of Pleasant Street and the proper paving of Main Street has been frequently presented to the public in its connection with the necessity of that portion occupied by the Street Railway being properly rebuilt. When Main

Street is rebuilt an important feature of such work should be the improving of the inconvenient and dangerous curve near the Baptist church.

Much annoyance and frequent complaint arises from surface water and almost constant demand is made on the officials for relief therefrom. Several articles appear in the warrant calling for appropriations for drains for surface water.

Another matter in connection with our highways demanding attention is the condition of several of our small bridges across brooks, either the character of the original structure or the decayed condition of the same, rendering them unsafe for automobile trucks, the steam road roller or the new chemical fire truck.

Respectfully submitted,

GEO. W. PAUL,
H. C. CHANDLER,
BERTINE O. PRESCOTT.

Selectmen.

Chemical Fire Truck

At the annual meeting in 1915 the town authorized a committee composed of the selectmen and the fire engineers to purchase a combination, motor-driven, chemical fire truck and authorized the borrowing of six thousand dollars to pay for the same. The committee immediately organized by the choice of Geo. W. Paul as chairman and H. L. Brooks as secretary and started investigating the claims and merits of various machines. Special examination was made of the product of fourteen competing companies and bids were invited to furnish an apparatus meeting specifications drawn by the committee, which included two chemical tanks. During the summer the American LaFrance Fire Engine Company put upon the market a triple combination apparatus, a feature of which was the substitution for one chemical tank of a water pump driven by the motor of the car,

having a capacity of three hundred gallons of water per minute under a pressure of one hundred and twenty pounds. They offered to furnish a machine so equipped with the privilege of trial and in case of dissatisfaction after a reasonable time, the substitution of a second chemical tank for the Junior engine. This machine as offered appealed especially to the committee and an order was placed for the same at a contract price of \$5,950.00. One of the features of this pump is that on the exhaustion of the chemical fluid where the fire is not quite extinguished a stream of water can be thrown through the chemical tank and the chemical hose without the delay attendant upon laying a new line, and thereby avoiding much damage which would be occasioned by the use of a larger volume of water. The engine has a horse power of one hundred five. The machine is equipped with dual rear wheels and all the wheels mounted with heavy rubber tires. It carries a full equipment of ladders, pony chemicals, axes, bars, nozzles, couplings and one thousand or more feet of ordinary fire hose. The weight of the car equipped is ten thousand pounds. Another feature of the car is a coupling arrangement for attaching other apparatus, which would permit the drawing of the steamer to the scene of a fire in the shortest possible time. It is hoped that in acquiring this machine the town has added very materially to its equipment for protection of both village and outlying property.

Respectfully submitted,

DEC. 31, 1915

EARNINGS

From Jan. 1, '15 to Dec. 31, '15	\$22,558 55
Total earnings from Mar. 10, '02 to Dec. 31, '15	\$246,864 92

EXPENDITURES

Paid for construction from Jan. 1, '15 to Dec. 31, '15	\$ 5,672 60	
Total amount paid for construction from Mar. 10, '02 to Dec. 31, '15		\$148,407 61
Paid for salaries, office and shop expenses from Jan. 1, '15 to Dec. 31, '15	2,579 34	
Total amount paid for salaries, office and shop expenses from Mar. 10, '02 to Dec. 31, '15		26,853 75
Paid for maintenance from Jan. 1, '15 to Dec. 31, '15	2,444 95	
Total amount paid for maintenance from Mar. 10, '02 to Dec. 31, '15		30,303 47

Balance paid town treasurer Dec. 31, '15	\$11,861 66
Total amount paid town treasurer from Mar. 10, '02 to Dec. 31, '15	\$110,764 13
Total amount received from town treasurer from Mar. 10, '02 to Dec. 31, '15	81,473 10

Itemized Account of Expenditures

FROM JAN. 1, 1915, TO DEC. 31, 1915

Kate Ainsworth, right of way	\$ 1 00
Allen Brothers, meter seals and seal press	7 00
C. H. Bailey, deposit on motor truck	100 00
Baker Vawter Co., meter book and reading blanks	13 20
Wm. W. Balloch, appraising land	5 00
James B. Bartlett, repairing concrete	14 49
Edouard Bergeron, felt lining for water car- riers	2 40
Harold L. Bond Co., supplies	3 61
Boston Bridge Works, brackets and hangers for water pipes	73 00
Boston & Maine R. R., rent of land, labor, etc.,	35 10
Boynton & Ellis, supplies	27 96
George Brooks, labor	200 00
Willis E. Brown, labor at Straw reservoir	5 00
O. S. Bugbee, services with team	25 00
Builders Iron Foundry, special castings	89 50
C. C. Caffrey, gasoline, batteries, etc.	6 80
Chadwick-Boston Ld. Co., lead	133 64
Arthur Chadwick, labor	22 00
Flora E. Chandler, labor in office	21 00
Chapman Valve Mfg. Co., valves	4 46
Claremont Advocate, printing notices	1 96
Claremont Ice & Lumber Co., lumber	38 66
Claremont Power Co., electric current and car books	50 45
Burt Clark, labor with team	6 75
Fred Clow, labor	34 00
Ira G. Colby, legal services	49 15

Francis R. Cowles, taxi-cab hire	\$ 1 25
Crosby Steam Gage & Valve Co., charts for recording gage	5 38
E. E. Davis, surveying and report	195 69
Wm. Davis, labor	34 00
Dodge's Pharmacy, stationery	8 80
Philip Dugal, labor	39 00
Fred Duval, labor	2 00
Chas. W. Easter, labor and use of team	1,222 28
Edson Mfg. Co., pump diaphragms	4 63
Fred Ellison, rebate on water rent	1 50
Ford & Kimball, gate tops	34 05
A. H. Freeman, appraising land	1 50
Mrs. V. B. Goodwin, rebate on water	2 00
D. P. Greenwood, labor at Dole reservoir	29 25
Geo. A. Hale, photographs of Dole reservoir	4 50
Walter S. Hall, labor on picks, gate rods, chains, etc.	49 00
Haynes & Allen, copper wire	2 20
George Hodge, labor	749 43
Thomas Hodge, 6 loads gravel	4 50
Fred A. Houdlette & Son, 6" cast iron pipe	343 49
H. H. Howe, labor and lumber	3 00
Walter Howe, labor	50 00
W. N. Huntley, rebate on water rent	4 00
Hurd & Kinney, insurance	7 50
Jenkins Brothers, valves and valve parts	55 97
George O. Johnson, labor with team	9 00
Frank E. Joy, repairing typewriter	3 10
Kee Lox Mfg. Co., ribbons for typewriter	3 75
Aaron King, freight and trucking	155 01
J. H. Kiniry, axe and handle	1 60
Lead Lined Iron Pipe Co., lead lined iron pipe	377 95
E. J. Leavitt, repairing wagon	3 20
Ludlow Valve Mfg. Co., valves	82 95
Joseph Levasseur, labor	180 00
Magown Brothers, scythes and rake teeth	2 20
Joseph Martel, sawdust and delivery	3 75
Richard Messer, window sill, use of derrick and labor	8 75
Monadnock Mills, burlap	4 67
H. Mueller Mfg. Co., brass goods, repairing tapping machine	237 29
National Eagle, printing bill heads, notices, etc.	17 50

National Meter Co., meters and meter parts	\$ 832 98
Neptune Meter Co., meters and meter parts	108 30
N. E. Tel. & Tel. Co., telephone	27 73

John Vegose, labor		32 40
Ruth P. Walker, salary		463 50
C. H. Weed & Co., rubber boots		23 50
B. G. Welch, printing water bills		7 25
Welch & Riley, trucking		1 00
Town Treasurer, balance on hand Dec. 31, 1915		11,861 66
	\$	23,591 23

HENRY C. SANDERS, Treasurer.

Superintendent's Report

FROM JAN. 1, 1915, TO DEC. 31, 1915

Main pipes have been laid as follows:

At Meadow St. river crossing	90 ft. of 12 in. pipe.
In River rd., Claremont Jct.	779 ft. of 6 in. pipe.
At Main St. bridge	152 ft. of 6 in. pipe.
In Charlestown rd.	898 ft. of 6 in. pipe.
In River rd., Claremont Jct.	1,235 ft. of 2 in. pipe.
In Shannon St.	159 ft. of 2 in. pipe.
In Grand View St.	1,228 ft. of 2 in. pipe.
In Spofford St.	157 ft. of 2 in. pipe.
In North St.	192 ft. of 2 in. pipe.
In Clark St.	284½ ft. of 2 in. pipe.
In Osgood Ave.	222½ ft. of 2 in. pipe.
In Curtis St.	156 ft. of 2 in. pipe.
In Briggs St.	279 ft. of 2 in. pipe.
In Charles St.	179 ft. of 2 in. pipe.
In St. off Maple Ave. to Beck- with cottage	73 ft. of 2 in. pipe.
In St. off Maple Ave. to Roundy cottage	131½ ft. of 2 in. pipe.
In St. off Maple Ave. to Du- plexis cottage	255 ft. of 2 in. pipe.
From River rd. to Katherine H. Ainsworth house	803 ft. of 1½ in. pipe.

From Katherine H. Ainsworth house to Ralph Ainsworth house

In Chase St. 394 ft. of 1¼ in. pipe.
In Tyler St. 329 ft. of 1¼ in. pipe.
101½ ft. of 1¼ in. pipe.

Number of ft. of 12 in. pipe laid during the year	90
Number of ft. of 6 in. pipe laid during the year	1,829
Number of ft. of 2 in. pipe laid during the year	4,551½
Number of ft. of 1½ in. pipe laid during the year	803
Number of ft. of 1¼ in. pipe laid during the year	824½

Total no. of ft. of main pipes laid during the year 8,098

Main pipes have been taken out as follows:

At Meadow St. river crossing, 90 ft. of 12 in. cement pipe.

At Main St. bridge, 152 ft. of 6 in. iron pipe.

In Briggs St., 279 ft. of 2 in. iron pipe.

Total no. of ft. of main pipes taken out during year 521

Main pipes in use Dec. 31, 1915 are as follows:

267 ft. of 24 in. cement.

8,237 ft. of 12 in. cement.

7,609 ft. of 8 in. cement.

13,010 ft. of 6 in. cement.

10,535 ft. of 4 in. cement.

7,010 ft. of 20 in. iron.

444 ft. of 16 in. iron.

2,216 ft. of 12 in. iron.

2,030 ft. of 10 in. iron.

14,494 ft. of 8 in. iron.

31,371½ ft. of 6 in. iron.

8,211 ft. of 4 in. iron.

20,487½ ft. of 2 in. iron.

10,718 ft. of 1½ in. iron.

4,222 ft. of 1¼ in. iron.

1,368 ft. of 1 in. iron.

Number of feet of cement pipe	39,658
-------------------------------	--------

Number of feet of iron pipe	102,572
-----------------------------	---------

Total number of feet of main pipe	142,230
-----------------------------------	---------

Equal to 26 miles and 495 feet.

Street gates set during the year as follows:

At Meadow St. river crossing 1 12 in.

In Charlestown rd. 1 6 in.

In River rd., Claremont Jct.	1	2 in.	
In Shannon St.	1	2 in.	
In Grand View St.	2	2 in.	
In North St.	1	2 in.	
In streets off Maple Ave.	2	2 in.	
In Ainsworth line	1	1½ in.	
Number of street gates set during the year			10
Total number of street gates Dec. 31, 1915			323
Total number of blowoff gates Dec. 31, 1915			14
Number of public hydrants added during the year			2
Total number of public hydrants			99
Number of private hydrants discontinued during the year			2
Total number of private hydrants			29
Total number of hydrants			128
Number of services added during the year			57
Number of services discontinued during the year			3
Total number of services			1,264
Number of meters added during the year			84
Total number of meters			831
Total number of leaks in main pipes during year			1
Water was supplied from the wells from Jan. 1, 1915 to Jan. 18, 1915			
Total number of gallons pumped			7,975,616

The attention of the public is respectfully called to the fact that owing to the rapid increase in the use of water, our supply is inadequate, except in a very wet year.

The income from water rentals in 1902 (which was the year the town bought the works) was about \$12,000.00; in 1915 it was over \$22,500.00. The number of services in 1902 was 767; in 1915 there were 1,264. Of these 165 have been connected in the last three years.

To meet this increased demand for water I recommend that a reservoir with a capacity of about 56,000,000 gallons be constructed at the head waters of Stevens Brook, this reservoir to be supplied with water from White Water Brook and be connected with the Dole reservoir.

While White Water Brook is nearly dry at certain times in the year, measurements taken of the flow of this brook show it to be about three times as large as the brook from which we now get our supply, and the water is reported by the State Board of Health to be as good as any surface water in the State.

Location of Public Fire Hydrants

1906	83,557 82

Permanent Improvement of Main Highways

The amount of the Joint Fund available for State Road Construction during the year ending January 1, 1916, and the amount which has been expended is shown by the following table:

Contribution by State for 1915	\$ 732 80	
Contribution by Town for 1915	3,664 50	
Bags returned	3 90	
Additional expenditure by Town to preserve construction under process, 1914	95 17	
Additional expenditure by Town to preserve construction under process, 1915	86 35	
		\$4,582 72
*State disbursements approved	\$ 443 25	
Town disbursements approved, in- cluding overdraft of \$95.17 from previous year	4,139 47	
		\$4,582 72

*State disbursements indicated above are payments made by the State from the joint fund,—for Engineering \$55.87, and for Culverts \$387.38.

The construction was upon the middle road leading to Cornish, 3,200 feet being finished with the exception of railing, leaving an unfinished section of 1,850 feet between the North end of this year's construction and the South end of the construction of 1914, upon which unfinished section three culverts were installed, 200 feet subgraded, and other preparatory work done amounting to several hundred dollars.

The section built in 1915 was of different design from any that has been built in the past ten years under State supervision, the shoulders of the road being made of gravel instead of dirt, as in former years. Heavy fill to bring the grade up to the survey and the cost of gravel have made this the most expensive piece of State road ever constructed in Claremont. When finished with suitable railing the cost will be upward of \$7,000 per mile.

The section constructed in 1914 was 2,850 feet instead of 1,950 feet, as reported.

The items of 1915 expenditure by the town appear below.

Overdraft from 1914			\$ 95 17
E. C. Lewis	350 hrs. labor at 30c	\$105 00	
	350 " horse " 10c	35 00

Maintenance of State Highways

The amount of the joint fund available for maintenance of state highways for 1915, the amount expended, and the unexpended balance are shown by the following table:

Balance in State Treasury Jan. 1,
1915 \$ 149 11

Balance in Town Treasury Jan. 1, 1915	\$ 149 11	
Contribution by State for 1915	2,000 00	
Contribution by Town for 1915	2,000 00	
Standard Oil Co., labor and supplies	52 04	
Rand, Ball & King Co., overcharge refunded	2 10	
		\$4,352 36
Disbursed by State	\$1,082 12	
Disbursed by Town	2,895 22	
Balance in State Treasury	186 26	
Balance in Town Treasury	188 76	
		\$4,352 36

Balances in State and Town treasuries are for future expenditure in accordance with the laws and regulations adopted by the Governor and Council. The oiling was contracted for by the State at an expense of one thousand four dollars and fifty-five cents (\$1,004.55); the engineering cost fifty-eight dollars and thirty-five cents (\$58.35); the steel culverts seventeen dollars and seventy-two cents (\$17.72), and brooms one dollar and fifty cents (\$1.50).

A patrolman was appointed by the State Engineer at an expense of \$527.28.

The items of expenditure by the town appear below:

Town Treasurer

\$ 15

\$ 600 00

Property Owned by the Town, Jan. 31, 1916

1 upright steam port- able boiler	50 ft. garden hose
1 steam road roller	1 spoon shovel
1 oil spreader	1 cable chain
1 street sweeper	1 sewer cleaner
2 street sprinklers	1 pair ice tongs
2 road machines	6 tarvia pots
2 snow rollers	2 cold chisels
13 snow plows	2 roat chisels
2 road plows	7 drills
2 road drags	2 points
1 heating kettle	1 tool box
1 stone boat	100 ft. 1" rope
3 wheelbarrows	8 pails
1 grind stone	8 sand shovels
12 snow shovels	1 square
17 short-handled shovels	1 jack screw
14 long handled-shovels	1 paving hammer
3 iron bars	2 spirit levels
1 cross-cut saw	5 forks
3 hand saws	3 hoes
3 axes	1 5 gal. oil can
10 picks	2 1 gal. oil cans
3 wrenches	1 set of blocks
2 stone hammers	2 sand screens
2 striking hammers	1 cant dog
1 auger	1 bush scythe
6 lanterns	3 bush hooks
8 lantern rods	3 bog hoes
2 trowels	1 spread chain
2 baskets	1 paving maul
4 pairs rubber boots	10 iron rakes
50 ft. steam hose	5 wooden rakes
	6 push brooms

MATERIAL ON HAND

3 bbls. road oil
5 bbls. asphalt oil

4 bags cement
65 fence posts

1½ tons coal	1 8" T
100 lengths 10" tile pipe	2 sewer caps
9 10" Ys	8½ M 3" hemlock plank
3 sewer traps	200 ft. hard pine
1 6" bend	2,000 ft. No. 2 misc. lumber
1 10" bend	750 ft. 6x6 No. 2
8 lengths 12" pipe	1,461 ft. 2" hemlock plank
35 lengths 5" pipe	at West Claremont bridge
1 8" Y	

Tyler Street Repairs

DR.

Claremont Railway & Lighting Co.	\$120 84
----------------------------------	----------

CR.

From unexpended balance in treasury Feb. 15, 1915	\$120 84
--	----------

Street Sprinkling and Oiling

The town has had one year more of experience in the use of oil as a dust preventative, which tends to confirm the former observation of the town officers that the results vary much when applied to different kinds of surface. When applied to gravel surfaced streets great benefit results. When applied to soft, loose surfaced streets the benefit is very much less. As appears in the items of expenditure 12,217 gallons were applied, in 1915.

CR.

Funds

Stevens Fund

There has been nothing received on account of the Stevens Fund during the past year.

Ten thousand dollars (\$10,000.00) of this fund was loaned secured by mortgages on western real estate. There has now been collected and paid to the trustees \$9,715.34 This leaves a present deficiency of \$284.66.

The principal of the Tappan Fund, the Fiske Fund, the Chellis Fund, and the Alden Fund, which was formerly invested in town notes as shown by statement of Feb. 15, 1915, together with the cash balance of the Tappan Fund, was on Jan. 1, 1916, reinvested in Trust Fund Bonds authorized by vote of the town at the annual meeting Mar. 9, 1915, and \$1,400.00 of the Firemen's Fund was also reinvested in like Trust Fund Bonds and the balance of the Firemen's Fund and the income of same was deposited in the Sugar River Savings Bank.

A. W. HAWKES, Treasurer.

The records of the circulation department show that 34,095 magazines and books were borrowed for home use, an average of 112½ for the 303 days that the library was open, 1,739 more than for 1914. The greatest increase was from the children's room due, in a great measure, to the influence of the teachers. The larger number of books bought has also helped to keep the interest keen.

The reference department has never been as fully used as during the past year.

A record of the number of persons who came to the library for any purpose, showed a daily average of one

hundred and fifty-four; fully a third stayed for reading and study.

The building is being used more and more as a rest room, not only by townspeople but by persons who come here for shopping or other business.

Four hundred and fifty names were added to the list of borrowers, forty-five more than registered in 1914.

Six hundred and thirty-six volumes have been added to the library the past year, of this number four hundred and eighty were purchased.

The list of the givers of books includes Mrs. O. B. Way, Mrs. John Jones, Mr. Fred Kelsey, Mr. F. W. Hodgdon, Mrs. C. L. Martin, Mrs. C. H. Weed, Mrs. L. A. Tolles, Master Irving Weed, Miss Emma Chapin, (music), Mr. Geo. L. Deming, Mrs. Clara Woolson Benedict, sister of Constance Fenimore Woolson, Miss Abbie Field, Mrs. G. H. Gallagher, Miss M. M. Steele, Mrs. E. L. Elliott, Mr. Porter E. Sargent, Miss Ida C. Bracher, Mrs. John Tyler, Mrs. Austin Webster, Mrs. C. H. Long, Capt. H. G. Sherman, Captain Horace Tarr, a geography and history printed in 1677, in London, the first rare book received, and there were several anonymous givers.

Many additions to the local items have been contributed in the form of papers and programs which are of interest and value.

Of the sixty or more magazines available, thirty-seven are given. Four which we have for the first time this year are the Musician, the Journal of Education, McCall's and the Prison Monitor, the last three by gift.

Twenty years of unbound "Harpers," a desirable form for reference, have been given.

Several interesting autographs have been added to the collection by Mr. Charles A. Fisher and a holograph letter of Mary Johnston, author of "To Have and to Hold," given by Mr. Henry N. Hurd.

Mr. H. K. Lloyd presented a photograph of the Nason memorial window, designed by him, and a newspaper clipping explaining its symbolism, and these Mr. C. L. Powers mounted and framed appropriately.

Mr. Charles Faulkner gave a blue print of a detail map of Coos county, prepared by him with reference to the hunters' need, showing trails and camps. Also specimen of work of beaver seen during one of his trips.

Master Frank Bush gave a specimen of the curious

lizzard found in California, known as the horned or California toad.

All of these gifts are valued not only for the intrinsic worth but for the interest indicated in the usefulness of the library.

Trustees of Fiske Free Library,

IRA G. COLBY, Secretary.

Stevens and Healey Funds

Report of Treasurer of the Paran Stevens and Helen R. Healey funds for the year ending January 31st, 1916.

The amounts of the funds are as follows:

Stevens fund	\$ 86,800 00
Healey fund	71,420 00
	\$158,220 00

The entire amount of these two funds is invested in Claremont Water Supply Bonds, bearing 4% interest. The income goes to the Stevens High School.

Income from the funds this year paid treasurer of the Stevens High School Committee	\$6,328 80

REMODELED STEVENS HIGH SCHOOL BUILDING

Report of Committee

For Enlarging and Remodeling Stevens High School Building

Town of Claremont:—

Your committee, elected at the town meeting of March 9th, 1915, for the purpose of enlarging and remodeling the Stevens High School building, begs to report as follows.

The committee met shortly after election, and accepted the plans of Brainerd & Leeds, Architects, of Boston, substantially as shown in the report of the previous committee of investigation.

Mr. Alfred S. Kellogg, Engineer, of Boston, was engaged to co-operate with the architects in the preparation of engineering plans and oversight of the work for the heating and ventilating plant and the electrical apparatus.

Contracts were awarded as follows:—

General Contract,	Marshall, Rogers Co. of Boston
Heating & Ventilating,	F. E. Newcomb of Newport
Plumbing Contract,	W. P. Sweeney of Claremont
Electrical Contract,	F. A. Currier of Claremont

Work was commenced before the close of the school, the contracts providing that the old building should be ready for occupancy when the school re-opened in September and the work completed Dec. 31st. Owing to unusually unfavorable weather, the opening of the school in September was delayed one week and the completion of the work was delayed two weeks. It appeared wiser to submit to these delays than to complete the work and occupy the buildings before they were sufficiently dry.

The buildings, equipment and furnishings speak for themselves, and will be opened for public inspection before this report is printed. The committee is confident that the town has received full value for the money spent.

Following is the financial statement of the Treasurer of the Committee as of March 1:

Total amount of appropriation		\$73,000 00
Expended to date	\$67,762 69	
Due architects and contractors payable after March 1	4,476 01	
Retained for work to be completed in summer vacation	475 00	
Balance	286 30	
	—————	\$73,000 00

This statement shows that after paying for the work as contracted, the Committee will have a small balance, which will be expended for grading, additional furniture and repairs to ceilings in the old building. These items were not included in the contracts because of the possibility of extras or other unforeseen conditions calling for additional expenditures. It will be noted that, following the custom of recent years in the construction of public buildings, the Committee has performed its duty without exceeding the appropriation.

A few details of construction which could not be completed within the time specified and which could not be conveniently attended to with the school in session, will be completed during the vacation next summer. The building and equipment have been accepted subject to this agreement between the Committee and the contractors; and the Committee will retain its organization until the completion of the work and termination of the contracts.

Respectfully submitted,

IRA G. COLBY, Chairman,
E. J. ROSSITER, Treasurer,
F. P. MAYNARD,
W. E. PATTERSON,
THOMAS W. FRY, Sec'y.

Report of Board of Health

To the Board of Selectmen:

Under the new statute of Chapter 27, Laws of 1915, entitled "An Act to Improve the Public Health", the present Health Officer was appointed as such by the State Board of Health, June 4, 1915. The chief effect of this statute in Claremont was to substitute the selectmen as advisors and directors in place of other citizens.

It has been the practice of the Health Officer to confer with the selectmen whenever health questions of importance have arisen or cases involving the expenditure of much money.

The Town has been fortunate in the few contagious diseases reported and quarantined since February 15, 1915. They have been as follows: diphtheria, 3; typhoid fever, 3; scarlet fever, 1. Two tubercular removals and nine deaths were included in the nineteen weekly reports sent the State Board of Health.

In each of the above cases the premises were completely fumigated. The disinfected areas were as follows: rooms, 100; hallways, 10; cellars, 4; toilets, 14.

This year it has not been necessary to furnish any aid to those in quarantine.

102 nuisances were reported during the year and were attended to. They may be classified as follows:

- Garbage piles 10
- Unclean premises 21
- Dead animals 9
- Defective drains 8
- Manure piles 6
- Privies 7
- Dumps 5
- Pig sties 4
- Hen houses 3
- Untidy street 1

Unwrapped bread 1
 Exposed fruit 1
 Breaking quarantine 1
 Smoke 1
 Miscellaneous 24

Six signs of "Dump no rubbish" have been posted. Greater care of the town dump has been taken this year, and teamsters and others using it have responded well to the requirements of burial of carcasses and other offensive matter.

At the last annual meeting the town appropriated the sum of \$500. for the public collection of garbage. The Board contracted for this work with Frank E. Reed, after publicly advertising for bids. From May 1 to November 1 garbage was collected twice a week from all those that desired it within the limits of the mail carriers. A load of four or five barrels was collected three or four times a day on the average during the season. Only about one-half the people availed themselves of this opportunity, owing to several private collectors and the practice different persons had of disposing of their own garbage. Those who were served, however, felt greatly relieved, and I am fully convinced that both from the point of view of a cleaner town and from that of service to the citizens, the appropriation was a wise one. I would urge a similar appropriation for the coming year. If one is made, the method of publicly advertising for bids would again be used.

Among the matters accomplished special mention may be made of the extension of the surface drain on Barnes Street into the river—a distance of some 170 feet. A substantial portion of the cost was paid by the resident property owners who were using the drain as a sewer. In this way one of the worst nuisances in town was abated. The Health Officer would be very glad to co-operate with the people of any other section similarly in attempts to take care of the nuisances and deficiencies caused by the lack of a public sewer system.

The State Board of Health now keeps a supply of anti-toxin, for diphtheria cases, at one of the local drug stores. The latest regulation of this Board is to the effect that all those practicing midwifery should report to the local Health Officer for registration. One result of

the convention of health officers, in Concord, last December, was the organization of health officers by counties, for the purpose of more uniform work and co-operation in educating the public on health matters.

Respectfully submitted,

F. W. JOHNSTON, Health Officer.

Chief Engineer's Report

For the year ending Jan. 31, 1916, there were twenty bell alarms and thirty-one still alarms, not including brush fires, the report of which can be found under the report of the State Forestry Commissioner's agent. The bell alarms were as follows:

Feb. 18, box 13, 3:15 a. m., Marcott house Broad street.

March 1, box 39, 1:15 a. m., Sanderson house, West Claremont.

March 23, box 3 twos, 3:05 a. m., Moore bungalow, Green Mountain.

Apr. 1, box 32, 1:15 a. m., Ellis house, Washington street.

Apr. 19, box 13, 1:5 a. m., Sears' stable, Franklin street.

Apr. 19, box 51, 3:55 a. m., Jewett garage; Pleasant street.

Apr. 23, box 3 twos, 2 p. m., Wood's sugar house, Puckershire. Foster's hen house.

June 5, box 46-47, 11:20 p. m., Stearns's house, Martin street.

June 27, box 13, 5:50 p. m., Odd Fellows' block, Pleasant street.

Aug. 11, box 3 twos, 7:40 p. m., Cement Block Co.s brush fire, Maple avenue.

Sept. 13, box 13, 10:20 a. m., Monadnock building, Crescent street.

Sept. 28, box 22, 2:03 p. m., Howard house, Elm street.

Oct. 6, box 22, 2:55 a. m., Houde garage, Harvard street.

Oct. 14, box 15, 8:50 p. m., false alarm, Spring street.

Oct. 23, box 28, 2:30 p. m., Tenney house, Myrtle street.

Nov. 23, box 47, 1:55 a. m., Davis house, North street.

Nov. 25, box 13, 8:45 p. m., Brown's block, Tremont square.

Nov. 26, box 16, 3:25 p. m., Frost house, Myrtle street.

Dec. 11, box 13, 12:50 a. m., Odd Fellows' block, Pleasant street.

Jan. 26, box 47, 6:45 a. m., Wilson house, Elm street.

There was an increase in the number of bell alarms over both the past two years and the most serious of the number were Sears' stable and Jewett's garage, one fire immediately following the other.

HYDRANTS

Only two new hydrants have been installed this year, one at Claremont Junction and one on the Charlestown road.

FIRE ALARM SYSTEM

The fire alarm system has been considerably improved the past year. The whole system has been thoroughly inspected, a new battery rack with 206 new batteries installed in the town building basement battery room, two new tappers for firemen installed and one new fire alarm box No. 49 at the fair grounds on Maple avenue, have been added.

The automatic steam fire whistle installed to take the place of the hand operated one at the Claremont Paper Company's plant has proved very satisfactory, and the two "try outs" each week save a possible breakdown.

RECOMMENDATIONS

I recommend that one or more hydrants be installed each year, for plenty of hydrants not only means getting water on a fire quickly but also a great saving in hose. The same thing in regard to fire alarm boxes, as plenty of them means a quicker response to the fire by it being in close proximity to the box.

The six new Pyrene extinguishers purchased proved their efficiency many fold, getting almost immediate results by their use, and I would recommend the purchase of the same number this year.

On vote of the town at the last annual meeting the committee appointed has purchased a new Triple Combination Automobile Chemical of the American-LaFrance Fire Engine Company of Elmira, N. Y. Owing to my illness early in the season and the fact that our order was preceded by a large number of others we have been delayed in receiving the apparatus.

I recommend that at the annual meeting of the town this year, a committee be appointed to investigate the advisability of a new central fire station, to also investigate a possible location for same, the probable cost of construction and the possible cost of maintenance, and to report their findings and recommendations at the next town meeting.

EQUIPMENT

The personnel and equipment of the department is as follows:

- Chief engineer and three assistants.
- Eagle Hose No. 1, 20 men.
- Eagle Hose No. 2, 5 men.
- Tiger Hook and Ladder Company No. 1, 16 men.
- Steamer Claremont No. 1, 5 men.
- One hook and ladder truck and fittings.
- One Silsby rotary pump steam engine.
- One hook and ladder sled.
- One hose wagon and fittings.
- One hose sled.
- 4,000 feet hose.
- 6 pyrene chemical extinguishers.
- 6 pony chemical extinguishers.
- Drop harnesses for hose wagon and hook and ladder truck.
- One 65 foot truss extension ladder.
- Two brace towers.

This report practically covers the work of the past year in brief, and the summing up shows that the town

has a set of firemen deserving of much credit for their efficient work, for which I am personally grateful to each member of the department, and I also appreciate the feeling of the townspeople who have given the department the needed support. Each year as our equipment improves, we hope our efficiency will advance with it.

Respectfully submitted,

C. E. SEARS, Chief Engineer.

Police Department

Report of the Superintendent

To the Honorable Board of Selectmen:

I herewith submit to you the annual report of the Police Department for the year ending Jan. 31, 1916.

The force consists of three regular and four special policemen.

The number of arrests made during the year were 124, of which four were juveniles and are classified as follows:

Drunks	74	Larceny	5
Sale of liquor	8	Trespass	8
Assault	12	Passing bad check	1
Non-support	5	Escaped convicts	2
Indecent conduct	2	Bastardy	1
Reckless driving of auto	1	Breach of the peace	3
Obtaining money under false pretense	2		

Complaints were disposed of as follows:

Paid fines and costs	72
Committed to County Farm	16
Bound over to Superior Court	4
Discharged by the court	20
Put on probation	2
Suspended sentence	3
Arrested for out of town police	4
Committed to jail	3
Total	124

Number of tramps who had lodging the past year	1,036
Business places neglecting to lock doors	24
House fires attended by the police	19
Lost children restored to parents	10

All of which is respectfully submitted,

ELMER S. COLE, Supt. of Police.

GEORGE H. BURRILL, Treasurer.

Auditors' Statement

We, the undersigned auditors of the Town of Claremont, have examined the foregoing accounts of the Selectmen, Town Treasurer, Highway Agent, Overseer of the Poor, Treasurer of Stevens High School Committee, the Financial Agent of the Fiske Free Library, Collector of Taxes, the Superintendent of the Claremont Water Works, the Trustees of the Stevens and Healey Funds, the Manager of the Opera House, Treasurer of the School Board of the town, the Municipal Court of Claremont, and find the same correct with proper vouchers.

H. W. PARKER,	}	Auditors.
C. H. WEED,		
GEO. H. BOYNTON,		

Stevens High School

Committee Report

The principal event of the school year is the erection of the new high school addition. The generous action of the town has provided us with an adequate, convenient and attractive building of more than double the capacity of the old one. This building will accommodate the high school for many years to come. For a fuller mention we refer you to the report of the building committee.

In June a class of twenty-seven was graduated, and in September an entering class of seventy-nine new freshman students was admitted. The total enrolment the present school year is 239, an increase of twenty over last year's total. In 1912 only 149 entered in September, and only 153 were enrolled during the entire year, so that in three years the school has shown a gain of fifty-six per cent. The present senior class numbers forty, twenty boys and twenty girls. This is the largest graduating class in the history of the school, and still numbers two-thirds of its entrance enrolment.

We lost two teachers at the end of the last school year, Miss Brookins, the domestic arts teacher, and Miss Lambert, the teacher of elementary English, each of them going to positions with a considerable increase in salary. While it is gratifying to see that our teachers are highly regarded by other school officials, it is unfortunate that some of our teachers leave for better paid positions as soon as they have gained experience here, because we cannot match the salaries. The successor of Miss Brookins is Miss Marjorie Shaw of Simmons College, and of Miss Lambert is Miss Evelyn Denny of Wellesley College.

The work of the school was much handicapped during the period of business operations by the noise and confusion, and lack of available room and usual conveniences. In order to get the benefit of the quiet hour from

twelve to one, when the workmen were at dinner, a solid session was established, and later on it seemed wise to continue the arrangement for the remainder of the school year.

Commencing with the winter term we raised the tuition fees for outside pupils from \$30 to \$40 a year. It is financially advantageous to Claremont to receive these pupils as they are so distributed through the four classes and the five courses that they do not require an extra teacher anywhere, but make some classes a little larger, and the income from tuition reduces the amount which we should otherwise have to ask from the town for the support of the school.

The equipment of the scientific department has not kept pace with the growth of the school. In fact considerable of the apparatus has been repaired again and again, and cannot much longer be used. A number of experiments could not have been performed at all except for the loan of some apparatus which is the personal property of the science instructor. There are not enough duplicate sets, and many pupils are hampered by having to wait their turn at the apparatus. Furthermore, the applications of science to industry have recently come to be much emphasized. These new experiments call for different apparatus. We have fine science laboratory rooms, counters and sinks, but we do lack sufficient apparatus to give the number of students we now have the kind of instruction which the school ought to furnish. The needs of this department have been carefully worked out in detail, item by item, and reasons can be given for every piece of apparatus asked for. The cost of the minimum equipment is \$1,000. We recommend a special appropriation of that amount to equip the laboratories. After this has once been done, the laboratory equipment can be kept up by a moderate expenditure each year from current school funds.

While the school has increased fifty-six per cent. in three years, the teaching force has not been increased in like ratio. We have added a domestic arts teacher, and are employing a manual training teacher for three days a week. But we have also added domestic arts courses and manual training courses which take practically all their time, leaving the academic and commercial subjects to be carried by the same number of teachers that we had three years ago when the school was only two-

thirds as large. With a still further increase in pupils to be expected next fall, it will be necessary to employ an additional teacher. The need seems to be greatest in the commercial department, and we believe that a teacher should be secured to assist in that department, and to take some classes in the other courses.

It is to be expected that with a larger school and a larger building, that the expense of maintenance will increase as far as the total is concerned, although the cost *per pupil* is not greater. Six years ago the per pupil cost was \$65.07, while the past year the per pupil cost was \$49.97, although the total amount expended increased from \$10,281.01 to \$11,942.75.

The new building makes the janitor's work more than double, and his salary has had to be increased accordingly. The expense for heating, lighting, electric power, and insurance has considerably increased. The increase in the number of pupils increases the cost of books and supplies. These expenses, together with the salary of the additional teacher needed, will make necessary an appropriation of six thousand dollars for the current expenses of the school, and we recommend this sum, and also the previously mentioned special appropriation for this year only, of one thousand dollars to equip the science laboratory.

Respectfully submitted,

(Signed)

IRA G. COLBY,
A. L. FITCH,
W. E. KINNEY,
E. J. ROSSITER,
R. H. BROOKS,

Stevens High School Committee.
